ACCOUNT TERMS													
Minimum Opening Deposit	There is no minimum opening deposit requirement.												
Interest Rate	This is a fixed-rate account. The interest rate and annual percentage yield for your account are set forth above. You will be paid this rate until the maturity date.												
Interest Compounding and Crediting	<ul style="list-style-type: none"> Interest is not compounded. We use the daily balance method to calculate interest on your account. This method applies a daily periodic rate to the principal balance in the account each day. This means that the interest is calculated every day on a 365-day year/366-day year for leap years. For Fixed Rate Time Deposits with stated maturity greater than one (1) year, interest will be credited semi-annually and at maturity to the checking account specified above. For Fixed Rate Time Deposits with stated maturity of one (1) year or less, interest will be credited at maturity to the checking account specified above. 												
When Interest Begins To Accrue	Interest begins to accrue on the business day we open your account, even if the account opening deposit contains noncash items (for example, checks). We open your account on the business day we receive the properly completed account opening documentation, if received before our closing time. However, if the account opening deposit contains noncash items aggregating \$100,000.00 or more, interest on the proceeds of those items begins to accrue on the day that the proceeds become available for our use. The timing of the receipt of your funds will be governed by the “Funds Availability” section of the Bank’s <i>Account Agreement and Privacy Notice</i> .												
Early Withdrawal Penalty	<ul style="list-style-type: none"> By opening the account, you are agreeing to keep the principal balance on deposit until the maturity date. A withdrawal of principal before maturity incurs a penalty and is allowed only with our consent. Consent to allow early withdrawal is solely within our discretion. However, the principal may be withdrawn prior to maturity without penalty in the case of your death or if you are declared legally incompetent. The penalty for early withdrawal is based on the term of your time deposit, as shown below. You will forfeit interest at the rate in effect at the time of the early withdrawal. An early withdrawal penalty may require a reduction in principal. <table border="1" style="margin-left: auto; margin-right: auto;"> <thead> <tr> <th>Term of Your Time Deposit</th> <th>Early Withdrawal Penalty</th> </tr> </thead> <tbody> <tr> <td><u>7 days to less than 32 days</u></td> <td><u>All interest earned</u></td> </tr> <tr> <td><u>32 days to less than 6 months</u></td> <td><u>30 days’ interest</u></td> </tr> <tr> <td><u>6 months to less than 1 year</u></td> <td><u>45 days’ interest</u></td> </tr> <tr> <td><u>1 year to less than 4 years</u></td> <td><u>180 days’ interest</u></td> </tr> <tr> <td><u>4 years to 5 years</u></td> <td><u>270 days’ interest</u></td> </tr> </tbody> </table>	Term of Your Time Deposit	Early Withdrawal Penalty	<u>7 days to less than 32 days</u>	<u>All interest earned</u>	<u>32 days to less than 6 months</u>	<u>30 days’ interest</u>	<u>6 months to less than 1 year</u>	<u>45 days’ interest</u>	<u>1 year to less than 4 years</u>	<u>180 days’ interest</u>	<u>4 years to 5 years</u>	<u>270 days’ interest</u>

We may require that the instruction be in writing on a form used by us for that purpose. After your account renews, you still have ten (10) days following the maturity date to withdraw your time deposit without penalty.
